helping people make a home for themselves

Warehouse Starter Pack Volunteering Day

The Job

Volunteers will be working in the warehouse alongside members of staff. Main tasks may include sorting through donations, cleaning and sorting out the shelves in the warehouse, unpacking the food donations onto the shelves and making up Starter Packs of essential household items that will be given out to clients. The Volunteer Coordinator(s) will show and explain all tasks in more detail on the day. Specific information for your volunteer day will be sent out beforehand.

Why

It's a very worthwhile day, giving volunteers the chance to make a huge difference to the life of individuals and families across Edinburgh. The aim of our Starter Packs is to enable clients to financially sustain their tenancies as opposed to going without or going into debt while trying to furnish their home.

Where

Volunteers are to arrive at 22-24 Ferry Road Drive, EH4 4BR for a tour of the warehouse and Community Hub before being briefed on tasks.

What to wear and bring

Please wear comfortable clothing that you wouldn't mind getting a bit dirty as there may be some light cleaning of the warehouse involved. Comfortable footwear is also recommended for walking around the warehouse. If it is a full day, please bring a packed lunch.
